Testimonial:

My 11 yr. old was struggling with striking out almost every game so I scheduled a lesson with Coach Joe who came highly recommended. Within 5 minutes Joe identified what my son was doing wrong. He then instructed my son as to how to fix the problem and TAUGHT him to evaluate his own swing each time. My 11 year old went 3 for 3 in very next game. He now has more confidence because he has more knowledge as to what he should do. Coach Joe also did not just “end” the lesson when the time was up but rather kept instructing until he saw improvement. He genuinely wants to help the kids get better! Thank you Coach Joe!
